The stamp of Donnerhall

A robust foal who moves with abundant power and excellent body position. He was a finalist at the German foal inspection in Lienen, where his sire Zoom was the top sire of the inspection and the sire of the champion. At the inspection in Westfalen, Zoom turned heads and performed a good test, making him popular with breeders. His bloodlines support his talent and power in breeding. The same is true of this foal's dam Schmuckstück, who produced the approved stallion Bal Harbour (s. Belissimo M). Schmuckstück's sire Sir Donnerhall I and grandsire De Niro are among the world's top dressage horse producers. This dam-line produced the stallions Fürstino and Monte Bellini as well as the successful dressage horses Did it my Way and Da Vinci.
