DRESSAGE PROSPECTS

After editions in Arnhem, the Netherlands, in 1999 and 2000, the World Breeding Dressage Championships for Young Horses moved to Verden, Germany, where many visitors have enjoyed very well organised competitions for young dressage talents. This year we are looking forward to welcome the fans of the World Breeding Dressage Championships for Young Horses, back in the Netherlands. Our country is proud to host this exquisite event. At the National Equestrian Centre in Ermelo, where sports and breeding come together, an attractive program will be organised with the talented dressage horse in the starring role.

Integrated in the side-program, is the unique KWPN/EDS-auction, where carefully selected horses will be auctioned. A magnificent international platform for breeders and owners of talented horses. The Netherlands has produced many dressage stars that achieved great accomplishments both under Dutch and foreign riders; both at competitions for young horses and their elder colleagues at European Championships, World Championships and the Olympic Games.

During the past months, the EDS team has selected talents from various age categories and training levels, from foal to Grand-Prix horse, well ridden youngsters, accomplished sport horses and approved stallion. I would like to take this opportunity to compliment the organisation with the excellent collection of promising dressage talents, and I hope that many riders, breeders and owners will find the horse of their dreams in the wonderful ambience of the World Breeding Dressage Championships for Young Horses.

I would like to wish everyone a pleasant time and lots of success during the World Championships and the KWPN/EDS auction at our beautiful National Equestrian Centre and the new owners much pleasure with their new dressage talent.

Johan Knaap,
director KWPN

This light-footed offspring of the combination Don Tango and Osmium has an appealing appearance. Half-sister of Labello, Dolly (by Ziësto), has demonstrated her talent already at a young age. She was champion at the regional mare keuring and was later crowned vice champion at the National Mare Championships. Under the saddle Dolly proves to be exceptional, too. She achieved a spectacular score of 90 points in the IBOP and won the VSN Trophy in 2012. Another half-sister is the mare Great Lady (by Bretton Woods). Great Lady was the best mare in the 2015 Pavo Cup and winner of the HorseFood Dressagetalent 2016. With these proven sisters besides her, Labello appears to be a great investment for the future.

Power, elasticity and a winner's mentality. This UB 40 offspring Allstar has it all. The high-blooded appearance stands out in the collection. His strong hind legs enable him to easily switch from collection to extension and turn heads. Allstar is successful at the Small Tour-level. In addition, he demonstrates the talent to become a great Big Tour horse and he would be extremely suitable as a U25 horse. Allstar's family members are standing out in the dressage ring too. Allstar's dam has also produced the Grand Prix horse Watteau (by Jazz) who is successful with Young Rider Lisanne Zoutendijk. Further down the lineage, we find Ravel (by Contango) who participated twice in the Olympic Games with Steffen Peters.

This black beauty combines Florencio and Jazz in his pedigree and left a lasting impression during the VSN Trophy. The impressive gelding displays a lot of power and ability and received a whopping 9.5 from the guest rider in the finals. This resulted in Horatio being crowned as vice champion. In the damline of Horatio we see a lot of sport achievements with multiple horses active at national sport level. Horatio has an active trot with great impulsion and shows a phenomenal canter. Op verzoek van EDS is de bidder/koper echter verplicht vorenbedoeld bedrag onmiddellijk aan EDS te voldoen. Alsdan zal terugbetaling daarvan eerst en slechts plaatsvinden indien de bidder/koper naar genoegen van EDS aan de voorwaarden sub 28 heeft voldaan. De bidder/koper is aansprakelijk en vrijwaart EDS in ieder geval voor alle schade die voortvloeit uit het niet voldoen aan de voorwaarden sub 28 . Daarnaast is de bidder/koper aansprakelijk voor alle (buiten)gerechtelijke kosten die EDS maakt, met een minimumbedrag van € 1.000,- inclusief BTW.

Exclusion ans limitation of EDS's liability

- EDS is not liable for any loss caused by incorrect and/or incomplete information being provided, regardless of the nature and score of this loss and of the information and regardless of the source of this information.
- EDS is not liable for loss arising prior to, during and/or after the Auction caused by or to persons and/or to property and/or to horses.
- EDS is not liable for damage, either direct or indirect, and regardless of the nature and scope of the damage, resulting from a failure to meet an obligation by a third party or third parties.
- Bidder/Buyer is liable for any damage caused by Bidder/Buyer and indemnifies EDS against any third-party claim or claims, including, but not limited to, Vendors and/or Bidders/Buyers, related to such damage, regardless of the nature and scope of the damage.
- Any exclusion of liability on the part of EDS do not apply if EDS has acted with intent or is guilty of gross negligence.
- Any liability on the part of EDS will at all times be limited to the maximum amount of €10,000. In any case, the right to damages will lapse 12 months after the incident from which the loss arises and in respect of which EDS is liable, without prejudice to the provisions in Article 6:89 of the Dutch Civil Code (BW).

Turnover tax

- For the purpose of turnover tax EDS is considered as an entrepreneur. Changes in respect of the applicable VAT-rate can give rise to a proportionate adjustment to the VAT-rates to be applied.
- If, when an auctioned horse goes to another EU member state at the request of the Bidder/Buyer the VAT on the invoice is itemised as zero, the Bidder/Buyer undertakes to fulfil the conditions laid down with respect to this with a view to realising a legally valid intra-community transaction.
- If it emerges (afterwards) that the application of the zero VAT rate is not possible due to any circumstances, the Bidder/Buyer will at that time be liable to pay an amount equal to the amount that would be payable if the auctioned horse in question were to be delivered within the Netherlands. However, at the request of EDS the Bidder/Buyer is required to pay the above amount to EDS forthwith. In that case repayment of this amount will only take place if the Bidder/Buyer has met the conditions set out in Clause 28 to the satisfaction of EDS. The Bidder/Buyer is liable for and indemnifies EDS against, at the very least, all loss arising from failure to meet the conditions set out in Clause 28. In addition, the Bidder/Buyer is also liable for all (extra) judicial costs incurred by EDS, subject to a minimum amount of € 1,000 including VAT.
- Prior to the auction, it is announced per horse under which VAT-system the horse in question will be auctioned.

- Per paard wordt voorafgaand aan de veiling kenbaar gemaakt onder welk BTW regiem het betreffende paard wordt geveild.

Geschillen en toepasselijk recht

- Indien tijdens de veiling een geschil ontstaat over de gang van zaken tijdens de veiling is de veilingmeester bevoegd hierover een bindend oordeel uit te spreken en bevoegd de veiling bij opbod voort te zetten. Indien de veilingmeester de notaris verzoekt over de gang van zaken tijdens de veiling een oordeel te vellen, zal de notaris bindend en onherroepelijk voor alle partijen beslissen.
- De rechtsverhoudingen tussen EDS en Verkoper, tussen EDS en Koper en tussen Verkoper en Koper worden uitsluitend beheerst door Nederlands recht, met algehele uitsluiting van het Weens Koopverdrag (CISG). Geschillen, anders dan die aan het oordeel van de veilingmeester of de notaris zijn onderworpen, zullen worden beslecht overeenkomstig het Arbitragereglement van het NAI (Nederlands Arbitrage Instituut) door één arbiter te benoemen volgens de lijstprocedure. De arbitrage vindt plaats in Utrecht. De arbitrageprocedure wordt in de Nederlandse taal gevoerd. Indien Koper een consument is, is op diens schriftelijke verzoek de Rechtbank Midden-Nederland, locatie Utrecht, bevoegd. Indien Verkoper en/of EDS een procedure aanhangig wil maken en Koper is consument, zal Verkoper/EDS gedurende een maand Koper in de gelegenheid stellen schriftelijk Kopers keuze voor NAI-arbitrage of de Rechtbank Midden-Nederland, locatie Utrecht, kenbaar te maken. In geval van een spoedeisend belang (kort geding) kan Verkoper/EDS die termijn bekorten tot vijf werkdagen.
- De Nederlandse tekst van deze Veilingvoorwaarden is bindend.

Disputes and applicable law

- If a dispute should arise during the auction about the procedure during the auction, the auctioneer is authorised to pronounce a binding opinion on this dispute and then to continue the increasing auction. If the auctioneer requests the civil-law notary to pronounce an opinion on the procedure during the auction, the civil-law notary will decide for all parties and this decision will be binding and irrevocable.
- The legal relationship between EDS and Vendor, between EDS and Buyer and between Vendor and Buyer is governed exclusively by Dutch law, with full exclusion of the Vienna Sales Convention (CISG). Disputes, other than those subject to the opinion of the auctioneer or the civil-law notary, will be heard in accordance with the Arbitration Rules laid down by the Netherlands Arbitration Institute (NAI) by one arbitrator to be appointed in accordance with the list procedure. The arbitral proceedings shall take place in Utrecht. The arbitral proceedings shall be conducted in the Dutch language. If Buyer is consumer, at his/her written request the district court Midden-Nederland, location Utrecht, is competent. If Vendor and/or EDS want to lay a matter before court and Buyer is consumer, Vendor/EDS will afford Buyer for a period of one month with the opportunity to make known his/her choice for NAI-arbitration or district court Midden-Nederland, location Utrecht. If cases involve an urgent interest (summary proceedings), Vendor/EDS may shorten this period to five working days.
- The Dutch text of these Auction Terms and Conditions is binding.
