FOREWORD

Our EDS-team is excited to organise another auction together with the KWPN at the World Breeding Dressage Championships for Young Horses. During the prime time of the world championships, the Saturday night, the auction follows the final of the 7-year-old dressage horses. Our team can be proud to offer another top collection of foals and sport horses with plenty of talent. Last year, the EDS auction in Ermelo already featured some fantastic highlights, but the average talent of this year's overall collection shows even more future perspective.

EDS was born with the idea that we can offer great quality through the combination of resources of four top stables. An essential aspect amongst those resources are the breeders within the network of these businesses. It allows us to offer better foals out of a wide selection and it is with great pleasure that we present this collection. Our team travelled across the Netherlands and we have become a close team. Each and every one of us has his own qualities and expertise and at the same time we keep each other on our toes. Collections from earlier editions show that many talents that were sold in an EDS auction now perform very well. For example, the first EDS edition has produced Five Star, who won silver at the World Breeding Dressage Championships for Young Horses last year. In fact, many other EDS horses can be found amongst the World Breeding Dressage Championships for Young Horses selection, such as Foundation and Filegra, and Giraldo for Great Britain. They are qualified, took part in or are in the middle of the selection process. All horses from the first EDS edition!

Hopefully also this year EDS will let many riders travel home happy and content with their new horse or foal. We wish them great success!

Monte Carlo is a son of the highly talented Dream Boy who is working his way up with Hans Peter Minderhoud to compete with the best of the world in the near future. Two prominent names come up in the dam line of Monte Carlo. Esperanza (formerly, Emmelie) forms an unbeatable combination with Jasmien de Koeier in the Young Riders classes. The just eight years of age mare already took home multiple team medals. The half-sister of Esperanza is Anette Ballerina, who competes in the U25 with Claire Gallimore. Further along the lineage we find the KWPN-approved Son de Niro and Bolero. The latter is also active in the U25 with Alexandra Barbancon Mestre. Monte Carlo is a foal with a remarkably strong model, is high-legged and trots with great posture and impulsion. Characteristics that will help Monte Carlo in his career path towards the top sport.

This attractive descendant of top talent Glock's Toto Jr. is a pleasure to watch. He marches through the arena with great posture and self-carriage. There are few foals that can trot like Movie Star Texel. His talent is no surprise as this son of Glock's Toto Jr. originates from a superb lineage. Dam Fenix Texel is an elite sport mare by Negro who obtained 80/85 at the studbook inspections. Feniz is the full sister of the National Mare Championships champion RS2 Iveniz Texel, that convincingly trotted to the title in 2016. The KWPN-approved stallion Enzo Ferrari Texel also comes out of the same dam line as Movie Star Texel. Aside from these top dressage horses, we find a whole series of impressive sport horses further down the lineage. The pedigree of this graceful foal and distinguished dam line make him an intriguing acquisition as a stallion prospect.

What an extraordinary pedigree we find here in Mary-Jane. Her dam Davigna is a well-tested mare by Wynton. She obtained a score of 80/80 at the studbook inspections and received an invite to the National Mare Championships where she placed 11th. The elite predicate was awarded to her after she passed the IBOP with 79,5 points. Davigna is a daughter of the famous stallion-dam Annabel, in turn she is a daughter of the top progenitor De Niro. Annabel has been heading the dressage mare index for years now and set an incredible performance in her mare test where she received a 9,5 for talent as a dressage horse. She is also known for producing the KWPN-approved stallions Bretton Woods and Chagall D&R. Further along we find the approved stallion Four Legends, who was sold for a record amount of € 605.000 in the EDS.

This charming son of Ferguson originates from an interesting breeding. His trot is mesmerizing. Dam Refradin is keur, preferent, sport and prestatie. She is sired by the top progenitor Gribaldi and descends from the Ifradin-lineage of Rene Franssen that has brought many approved stallions. Verdict (s.Ferro) is one of the offspring of Refradin that is active at international Grand Prix level with the American Eline Eckroth. Previously, Verdict was ridden in the Netherlands by Jonna Schelstraete. Furthermore she produced the ZZ-licht horse Zonique L.E. (s.San Remo) and multiple dressage horses that compete at Z-level or higher. Further in the pedigree of MacGyver we find the KWPN-approved stallions Invershin and Estoril. The latter was one of the top talents of his year, unfortunately he passed away prematurely. The sire of MacGyver is Ferguson, who is successful in the dressage arena with Kristen Brouwer and equally impresses through his well-modelled offspring.

This strong moving filly comes out of a remarkably successful dam line. Her dam is Imala L.E., she obtained the magical 80/90 score at the studbook inspections. At the central mare inspections of the province of Brabant Imala L.E. was superior in both the three-year-old and overall class. She received an invitation to the National Mare Championships. In the finals of the supreme class she was placed fourth. The grand dam of May Flower L.E. is the mare Zonique L.E., who is classified ZZ-licht. All of Zonique L.E.'s daughters participated in the National Mare Championships, including For Shirley, former Faye L.E. (s.Bordeaux), who scored 80/80 at the mare inspections. She also produced the KWPN approved stallion Jakarta L.E., an offspring of Five Star. He may enter the KWPN performance test this fall. Throughout the entire dam line of May Flower we find the predicates keur, preferent, sport and prestatie. That May Flower has inherited her posture and excellent trot from her mother is evident.

Mochi Mochi de Tamise

In Style - Charmeur | 18-05-2017

Chestnut • Stallion

This beautiful foal is already a true eye catcher. Sire In Style combines the best Grand Prix performance bloodlines of Holstein with established Dutch dressage lineages. The explosiveness of his son Mochi Mochi de Tamise's impulsion in his movements together with his great reflexes is indubitably inherited from sire In Style. Grand dam Solitaire (s.Sandro Hit) performed at Small Tour level. In the dam line, we find multiple international dressage horses. The two Grand Prix horses Really Lovely (s.Rubenstein I) and Rubens K (s.Rohdiamant) are closely related to this offspring of In Style, and so is San Vino (s.Sandro Hit) that is active in the Small Tour and participated in the World Breeding Dressage Championships for Young Horses for Belgium.

This foal originates from an established breeding. Dam Ulinda is a keur mare by top progenitor Gribaldi. The lineage of Ulinda has produced several top sport horses. Including the 8-year-old Elinda (s.Maestro) that is active in the Intermediaire II with Nina van Mook. Also the ZZ-Zwaar horse Fanastique (s.Armani), that was sold in the EDS in Hooge Mierde earlier this year, descends from the bloodlines of Magnum. Magnum's relatives also impress in the inspection show ring. Recently, Jameson RS2 (s.Blue Hors Zack) was crowned champion of the KWPN Stallion Show in Den Bosch. He comes out of the direct line of this Magnum. Sire High Five U.S. is a son of the powerful Charmeur. The progeny of High Five U.S. stand out through their strong models and good movements. This marvellous Magnum certainly shows to have inherited these traits as well.

Mahindra is an enchanter, this offspring of Fürst Jazz appeals with her movements, her attitude and expression. In the dam line of Mahindra we find two highly interesting horses. The KWPN-approved stallion Bordeaux is closely related to this beautiful filly. The stallion was successful in the Intermediaire II with Eva Moller but also lets his voice be heard as a breeding stallion. His progeny set themselves apart through model and movement. Also Eros (s.United) descends from the bloodlines of Mahindra and competes in the Small Tour. The international Grand Prix horse U II (s.Jazz) of Gunter Seidel also originates from this Fürst Jazz-daughter's dam line. He can make your day! An elegant son of the in 2016 approved stallion Incognito. Make your day's dam is the Cocktail-offspring Sunday. In her IBOP test she obtained an impressive 8 for talent as a dressage horse. Besides Make my day, she produced four offspring that are active at Z-level dressage. Make my day's grand dam is Wensa, a keur preferent mare sired by Roemer. The sire of Make my day is Incognito, who is since recently ridden by Hans Peter Minderhoud. The stallion passed the performance test with the splendid score of 83,5 points. He passes on elegance, expression, light-footedness and posture. A dazzling combination of two exceptionally performing stallions is this Marosi. We also find the dressage horse Ellington here, who is just eight years old but already competes in the Small Tour. The Jazz-descendant is internationally active for Spain. Hippophae herself was awarded 80 points for conformation and amongst others an eight for canter and posture. She also received an invite to the National Mare Championships. The grand dam, Malrove, is a half-sister of Nadine who won four team medals with Hans Peter Minderhoud, including gold at the World Championships and European championships and silver at the Olympic Games. The charming and light-footed Maxrava is a son of two black top progenitors: in his pedigree we find Desperado and Negro. Two stallions that require little explanation. The dam of Maxrava is the elite, preferent and sport mare Verava. She is known as the dam of the extraordinary mover Ivorava (s.Dream Boy), the KWPN appointed stallion that was sold for € 60,000 in the 2016 KWPN Select Sale. Another movement magician is Edy Rava (s.Lord Leatherdale) that was auctioned in the first edition of EDS. Sport is deeply rooted in the dam line with three sport mares in a row and many offspring that are active in the national and international sport. A striking appearance is this strong mover Macho, as he certainly lives up to his name. Godiva van de Westen is the dam of this beautiful foal. The black Charmeur-daughter earned an excellent grading list with a total of 79 points for her IBOP test. Earlier she was awarded 80 points for movement during the studbook inspections, after which she was declared preliminary keur. The stallion Dorado, super talent and KWPN-approved, descends from the same dam as Godiva. Further along the lineage, we find nothing but sport horses of which Nadine of Hans Peter Minderhoud is the most well-known. The sire of Macho is Glock's Toto Jr., who appears to form one of the most promising combinations of this moment together with Edward Gal.

This dark bay offspring of the stallions Dream Boy and Jazz trots with lots of suppleness and impulsion. Dam Allure, trotted alluringly to 80 points for movement at the studbook inspection. She was pronounced ster. In combination with the two-fold Olympic horse Ravel she brought a son that reached the second-round-viewing of the KWPN Stallion Show. Allure's dam is Argus-daughter Nafila, a mare that bears the predicates sport and ster. Miami's sire is the black pearl Dream Boy that has set promising results in the Small Tour with Hans Peter Minderhoud and the signs indicate the pair will continue their path to the highest level.

This good-looking Mobro looks even better when he moves. What an expression and elegance is displayed by this son of the Grand Prix stallion Wynton. Dam Rilena is an elite preferente sport mare by Flemmingh. She is a mare that originates from a lineage that is impressively full of predicates and passes on her genes to her progeny with fervour. Rilena was successful at ZZ-Licht level, won the European Championships title for mares and passed the mare test with exclusively 8s. In breeding she makes her voice heard through two elite daughters and an KWPN-appointed stallion Indian Summer, who is also the full brother of Mobro. The impressive pedigree of this colt together with a lineage consisting of exclusively sport horses, makes him an interesting purchase. Mobro is born through embryo transfer and is currently with his surrogate dam.

What an exquisite mover is this Muskaat, this Franklin-daughter turns head at her arrival. Her dam is a memorable type as well. Cyanaat scored the magical 90 points for conformation and 80 points for movement at the studbook inspections. At the age of 6 years she already competed at Z2-level. Her offspring prove to have inherited her talent. Grenaat (s.Rousseau) placed 15th in the Pavo Cup and is currently active in Z1-level dressage. At the SELL foal auction Idolaat (s.Sorento) was sold for € 16,000. Muskaat's grand dam is the mare Fanaat. The approved Grand Galaxy Win is closely related to this Muskaat, just as Jazz Dancer (s.Ferro) and Luminary (s.Dageraad) who both performed at Grand Prix level. Muskaat combines top breeding with top sports, a very interesting mix with a view to the future.

Muganita's dam is a strong mare that showed off her talent at the studbook inspections and in the EPTM test. She obtained the ster predicate with ease by scoring 80/80 at the mare inspections. Afterwards, she passed her IBOP test with 79 points, which made her an elite mare. Grand dam Uganita is a preferent mare by Jazz who was awarded the highest score in the mare test of 2004, including a 9.5 for talent as a dressage horse. She also produced Inferno, the appointed stallion by Davino who finished in eight place in the champion round of the 2016 stallion show. The entire dam line of Muganita is remarkably rich in predicates while we also find top performing sport horses. The Small Tour horse Shorea (s.Ferro) and the Big Tour horse Wonder DTS (s.Sir Sinclair) are a few examples of relatives that have been active in the top level dressage sports. The lineage of this Geniaal-descendant together with her movements make her an interesting acquisition for the future.

21 Macho van de Wimphof

Franklin - Riccione | 30-03-2017

Dark bay • Stallion

What a vision is this Macho van de Wimphof. As the name indicates, does this foal originate from the same family as the recently KWPN-approved Just Wimphof. Just Wimphof comes out of the same mare as this Macho. The dam is Rastede, she stood out as a young horse by scoring an impressive 84,5 points for the IBOP test and qualifying for the PAVO Cup final with Emmelie Scholtens where she became best mare. Rastede also obtained the sport predicate. Next to Macho and Just Wimphof, she produced It's Wimphof (s.Sezuan) that attracted the attention through his high grades at the KWPN-NA inspection. In addition, we find Fantastica in this dam line, she is a full sister of the stallions Don Shufro and Don Primero. This Franklin offspring is a well-developed, moves with lots of freedom from the shoulder and is strikingly elegant.

Valegro

Painted Black

Negro

From a genetics point of view this may be the most interesting combination of this moment: an embryo by Painted Black out of the full sister of Valegro, Jalegro Fleur. Her brother Valegro is a living legend. After winning two gold medals at the London Olympic Games, the combination Valegro – Dujarding has been untouchable. The KWPN-gelding broke world records in 2013 and gold medals at the European Championships in Herning. Valegro continued the success story to also win the World Equestrian Games in Caen, as well as the European Championships in Aachen. During the Olympic Games in Rio the duo again proved to be unbeatable and took home Olympic gold once more. Last year the full brother of Valegro, Lelegro, was auctioned in the EDS. He was sold for € 50,000 and left to the home country of Valegro: Great Britain. Painted Black is also a famous face in the world arena. The keur stallion has produced numerous offspring that are active in the sport, brought forth approved sons and lived highlights with Morgan Barbançon Mestre at the London Olympic Games and World Equestrian Games in Caen.

The in Oldenburg and Rheinland Westfalen approved stallion Barroso is a horse in an exceptional category. Barosso stands out through his striking model and his expressive movements. In Germany he was already succesful as young horse and also his offspring were rewarded with various high pre-dicates. In 2016 he was crowned champion of the six-year-olds in France and in Belgium. In 2017 he claimed a ticket to the World Breeding Dressage Championships by winning the first three selection competitions. The dam of Barroso is a daughter of the important thoroughbred Saros xx, who has proved to be of great influence to the international dressage horsebreeding. She is a keur and prestatie mare and also produced the Grand Prix horse Sambuca (s.Democraat) of Christine Traurig and the national dressage horse Up To You (s.Gribaldi). This Cado Rava is a descendant of the legendary Negro together with Romancier. In her dam line we find a whole series of sport horses. For example, the Small Tour horses Do Rava (s.Negro), Zarava (s.Diamond Hit) and Zarava (s.Scandic). The KWPN approved Giovanni also originates from the closely related lineages of Cado Rava. Cado Rava herself is an elite sport mare and is active in the Intermediaire I. She is uncomplicated and easy going and gives her rider a very comfortable feeling. Cado Rava is the ideal partner for riders that want to start in the Small Tour right away or want to learn from the experience that Cado Rava has gained.

Heat turns heads with his size and stature. This elegant model is high-legged and has a beautiful frame. The offspring of Florencio gives his rider a great feeling and shows a great canter. His trot already displays great self-carriage, despite his five years of age. Moreover, his trot features a great rhythm. His dam Sarina also produced the ZZ-licht horses Rhodi (s.Rhodium) and Darina (s.Spielberg). Further down the lineage, we find through grand dam Barina the international Grand Prix horse Tarina (s.Jazz) and multiple horses that are active on ZZ-licht level or higher. This black bay beauty draws the attention with her alluring posture and remarkably good movement technique. Her allurement is a chip of the old block, she clearly inherited the features of her sire Franklin. The champion of the stallion show in Den Bosch impresses more and more through his offspring. On the dam side we find the stallion Jazz, who has brought an profound range of inspection champions and exquisite sport horses. J'adore received a total score of 80 points for conformation and 80 points for movement at the studbook inspections. She particularly excelled in her trot, for which she received a 9. Thanks to these impressive scores she obtained a ticket to the Central Inspection and the ster predicate. Ultima is the dam of J'adore and carries the ster and PROK predicate. Great grand dam Marina produced the Small Tour horse Alonso (s.Tuschinski) and the Big Tour horse West Side (s.Florett AS) and offspring that compete at Z-level or higher.

What a stunner, this Jendelin, an offspring of Charmeur that is sure to stand out. She has a strong conformation, with a good front and moves with lots of suppleness. In addition, she moves with power and lots of flexion in the joints. She trots extremely uphill and has that exact posture you would like to see in a dressage horse. There is no doubt that Jendelin is a National Mare Championships-worthy mare. Dam Wendelin is an elite, sport and preferent mare by Sir Sinclair. She received the preferent predicate based on her first offspring. The National Mare Championships-mare passed her test with 80.5 points. In the dam line we find plenty of sport horses, but it is also a lineage full of predicates. Jendelin will certainly live up to her expectations in the inspection ring and under the saddle with her movements, posture and expression.

A striking movement wonder can be found in Jindy. Jindy's sire is Ferdeaux, who made a good impression at the KWPN Stallion Show this year via his great cantering offspring. He is a stallion that undoubtedly passes on his own allure to his children. Jindy already attracted the attention this year. During the studbook mare inspections in Wamel, Jindy received the highest score of the day with 80 points for conformation and 85 points for movement. The high-legged mare stands out with her beautiful forehand. She reveals lots of quality, all three gaits are uphill and she moves in a light footed manner with great use of the hind leg. Jupiter is as beautiful as they get. An incredibly attractive model with a top mentality, that is what describes this descendant of Bon Bravour in short. Those who know his sire well, will certainly recognise his looks in Jupiter. In 2017 he is accepted for the KWPN performance test. Jupiter comes out of the same dam as the KWPN approved stallion Hermes. This mare, Bukkie, passed the EPTM test with no less than 80.5 points. The grand dam of Jupiter is Ukkie (s.Jazz), this mare has ranked high in the KWPN mare-index for years now. The half sibling of Jupiter, Maxima is also auctioned during EDS. Jupiter is a stunning appearance and despite his three years of age, he shows an extreme amount of balance under the saddle.

A Purchase Agreement (“Purchase Agreement”) is concluded between the Vendor and Buyer at the moment EDS accepts a bid made by the Bidder/Buyer as the highest bid (“Exit Amount”) and the auction horse is allotted to that Bidder/Buyer. Allotment takes place at the moment the fully completed Purchase Agreement Declaration is signed by the Bidder/Buyer immediately following the auction.
- 04. All clauses in these Auction Terms and Conditions are also stipulated for all persons who work or have worked for, on behalf of and/or in the name of EDS. These persons may directly invoke the provisions in these Auction Terms and Conditions as if themselves were EDS.
- 05. All amounts stated in the Auction Terms and Conditions exclude VAT, unless explicitly stated otherwise.

- 06. The Auction takes place under supervision of an auctioneer appointed by EDS and a civil-law notary. EDS determines the order and the sequence of the auction. - 08. Bidder/Buyer bids at his/her own own risk and account and is committed to his/her bid until a higher bid has been accepted.
- 09. If Bidder/Buyer is assisted by a commission agent, Bidder/Buyer must provide the EDS the name of that agent prior to the start of the auction, in case of failing there is no right to commission.
- 10. EDS cannot guarantee that the Vendor can transfer the title of ownership of the auctioned horse to the Bidder/Buyer that is free and unencumbered, and EDS is not liable for any losses or damages that are related to this.

Informatie

- 12. EDS stelt de veilingcatalogus zo zorgvuldig mogelijk samen. De informatie in de veilingcatalogus is erop gericht een indruk te geven van de kwaliteit van de ter veiling aangeboden paarden, zonder dat EDS hiermee volledigheid betracht en zonder dat daaraan rechten kunnen worden ontleend.
- 13. De ter veiling aangeboden paarden zijn veterinair klinisch onderzocht. De laatste klinische inspectie vindt plaats op de dag voorafgaand aan de Veiling. Van het veterinair klinische onderzoek wordt een veterinair rapport volgens KNMvD-normen opgemaakt, hetgeen op de dag van de veiling kan worden ingezien, of zoveel eerder als beschikbaar.

De röntgenbeelden en een afschrift van het op basis daarvan opgemaakte veterinair rapport kunnen op verzoek worden ingezien tot aanvang van de veiling.
- 15. De inhoud van de genoemde veterinaire rapportages is bindend voor EDS, voor Verkoper en voor Bieder/Koper.
- 16. Voorafgaand aan de veiling en/of op de dag van de veiling zijn de ter veiling aangeboden paarden te bezichtigen op een nader door EDS aan te geven tijdstip en locatie.

- 18. Bij gebreke aan tijdige betaling van de Koopsom is Bieder/Koper in verzuim en heeft EDS het recht het paard onmiddellijk onderhands te verkopen, waarbij het bod van de oorspronkelijke Bieder/Koper niet meer geldt. Bieder/Koper heeft nimmer recht op een meeropbrengst

- 13. The horses offered for auction have been clinically examined. The final clinical examination takes place on the day prior to the day of the Auction. A veterinary report is composed of the clinical examination in accordance with KNMvD-standards, which can be inspected on the day of the auction or as soon as available.
- 14. The horses auction for auction (with the Foals being the exception) have been examined radiographically. This includes a radiographic examination of the back and neck and of the radius in both front legs, for osteochondritis in the knee joints in both hind legs, for osteochondritis in the hock in both hind legs, for osteochondritis in the fetlock in all legs and for arthritis in the fetlock joint in both front legs, of the sesamoid bones in both front legs, for blood-spavin in both hind legs and secondary findings. EDS heeft dan voorts de bevoegdheid zonder ingebrekestelling namens Verkoper en zonder Verkopers toestemming de Koopovereenkomst als ontbonden te beschouwen zonder dat Bieder/Koper een recht op (schade)vergoeding(en) toekomt. In geval van verzuim van Koper heeft EDS een retentierecht op het paard, is Bieder/Koper aan EDS administratiekosten verschuldigd ter hoogte van 6% van de Afslagbedrag en is Bieder/Koper alle (buiten)gerechtelijke kosten gemoeid met incasso van EDS' vordering op Bieder/Koper, met een minimum van € 1.000,-, aan EDS verschuldigd.
