43 First Apple

For Romance I - Quaterback | 2016

Dark Bay · Stallion · XL

This horse named First Apple is an example of top German breeding. At the beginning of this year, his sire For Romance I made his debut in the Big Tour; and plans have been made for his Grand Prix debut. This popular stallion produces very attractive offspring time after time, a prime example of which is First Apple. He has the ability to collect with great ease, with his hind leg stepping well under the mass. Gracing his dam's side are the stallions Quaterback and Blue Hors Don Romantic, both of whom have earned their spurs at stud. In addition, First Apple's pedigree includes notable mares, as both his dam and granddam carry the Staatsprämie title.
